REF: Contract A-101

Gentlemen:

The attached invoices numbered 2418 through 2423 do not give sufficient information to support approval for payment at this time. It is requested that sheet No. 1 of each invoice be amplified to show the computations involved (i.e., the percentage of direct labor dollars for the different divisions plus applicable G & A, less prior payments received, etc.) in reaching the net adjustments made on 1957 overhead and G & A.

Prompt attention will be given these invoices upon resubmission.

Very truly yours,

Doug
